

GOLDEN WARRIOR

*Fighty
Fight*

$\frac{09}{8}$ 4-

Each year of our lives is like a beam of light shining through a prism. It can remain just a beam of light or it can end up a shimmering rainbow.

We encounter many **challenges** during our four years here at CCVTS. We look forward to **new beginnings**, anticipate the meeting of **new friends**, **grow** to new dimensions, and **dream** of the future. As **individuals**, we face these challenges with a sense of **responsibility** and enthusiasm. Just like a flower draws its strength from the sun, so can we draw our strength from those challenges that test us.

CCVTS can indeed be that prism that changes our lives ...

As We Change . . .

Golden Warrior 1988

*New
Beginnings*

I Believe In Me

Here we were as freshmen, very uncertain of ourselves, filled with fear at this new beginning. The campus went as far as the eye could see, there were many names to remember and our classes were so far apart. As we opened ourselves to this new experience, things began to happen. All of a sudden, we knew the way to our next class, and recognized other students in our shop. We were able to make it to the next class on time even if it was clear across campus. Then, **new beginnings** let way to a deeper sense of security. Now, we were able to help others find their way and we began to introduce new friends we had made to yet others.

We were off to a wonderful start. This was going to be a great four years.

Individuality

We all belonged to the Class of 1988 but we were very different. Each of us brought to our shops, sport fields and academic classes, our own personalities and **Individualism**.

We tried to show our uniqueness with a variety of fashions, with "In" hair styles and with different interests.

Some of us listened to Led Zeppelin, others to Whitney Houston. Some followed the NY Mets, others never missed a football game. Some of us couldn't live without pizza, others preferred a hearty steak and potatoes. Our cars were a rainbow of colors and makes, we belonged to a variety of clubs and our homes and outside jobs were located all over the county.

We expressed ourselves in our own way. We were all exceptions. We were unique. We were us ...

I Am Not An Ordinary Person

The Goal Of All

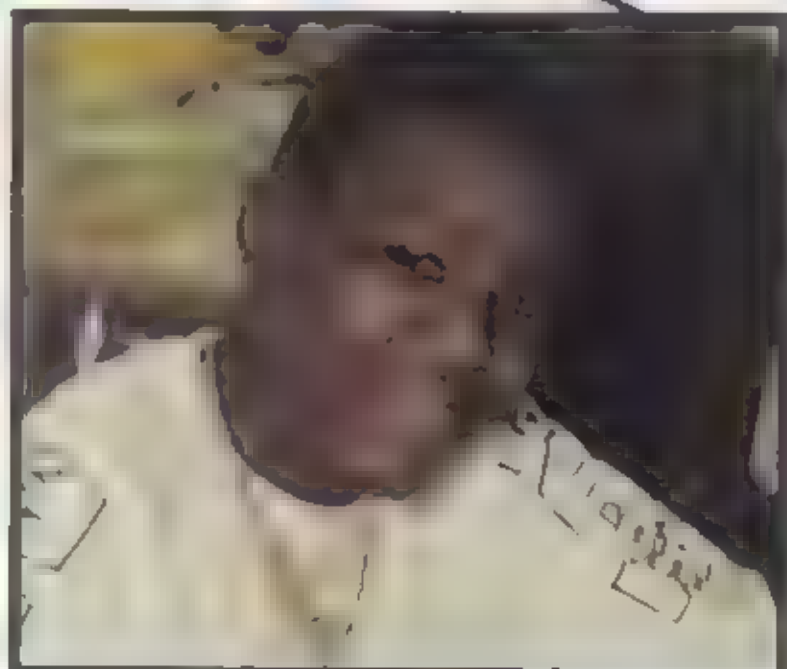

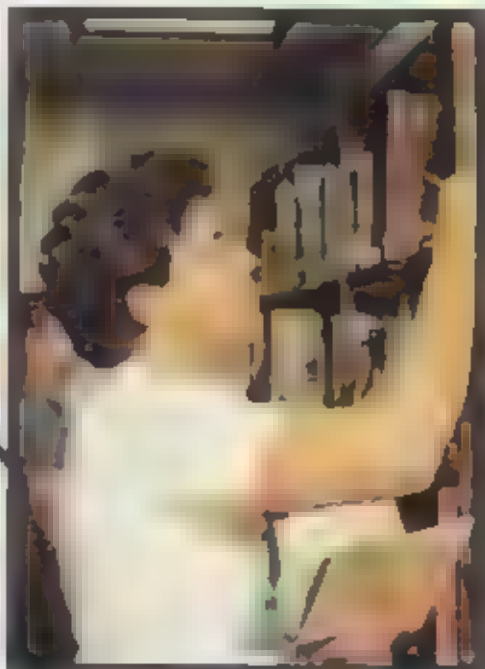

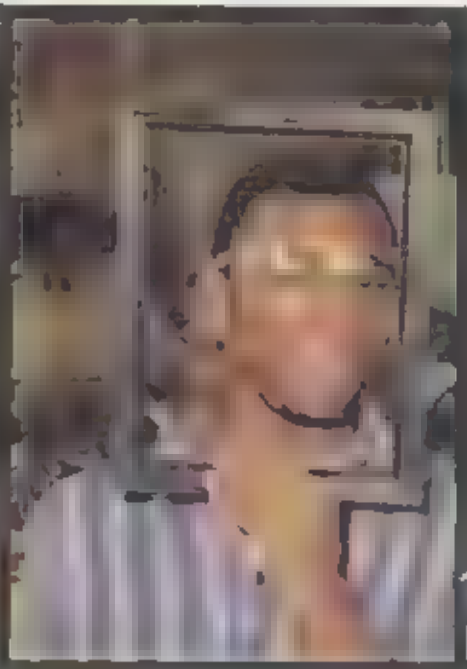

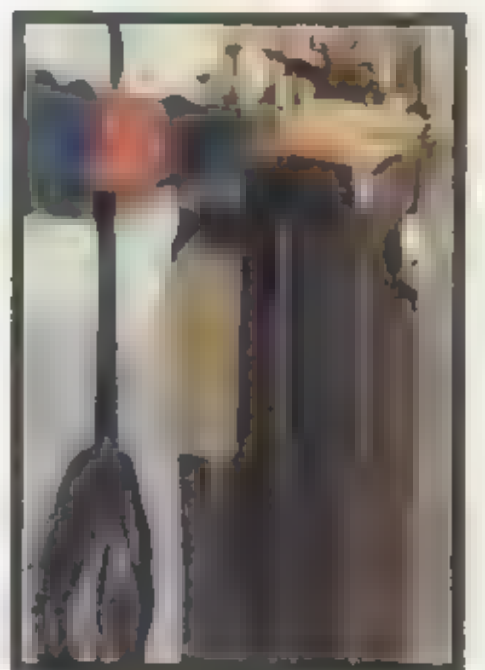

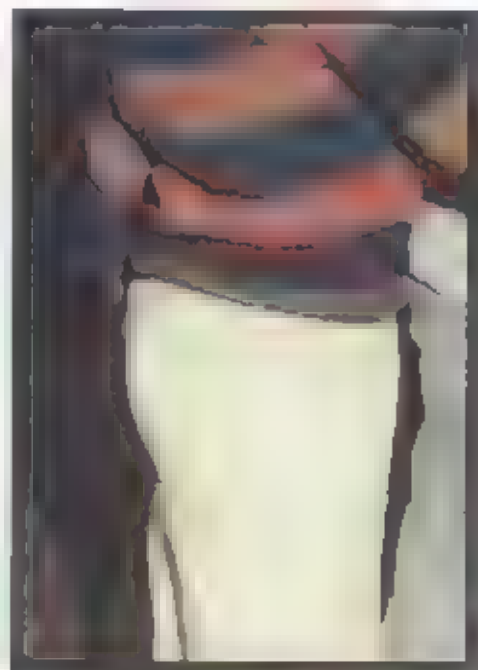

Growth

In sophomore year, we shed the shyness we carried from the year before. Perhaps a few pounds came off and a few inches added on. Our individual personalities and styles developed and we became more sure of our shop skills. We were **growing**

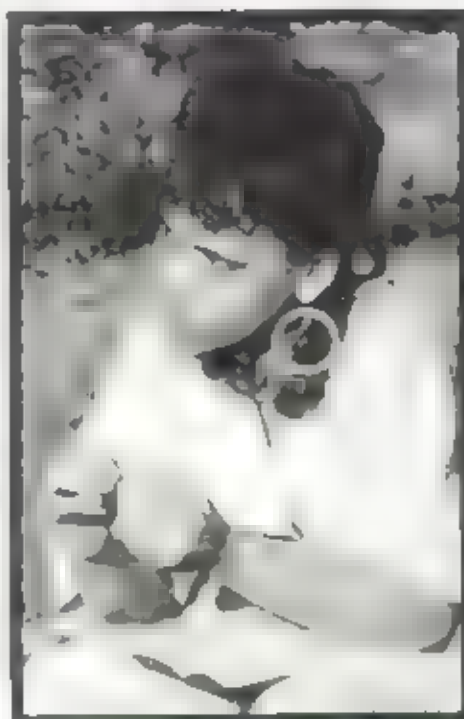

Living Is To Grow . . .

*New
Friends*

Just Being There

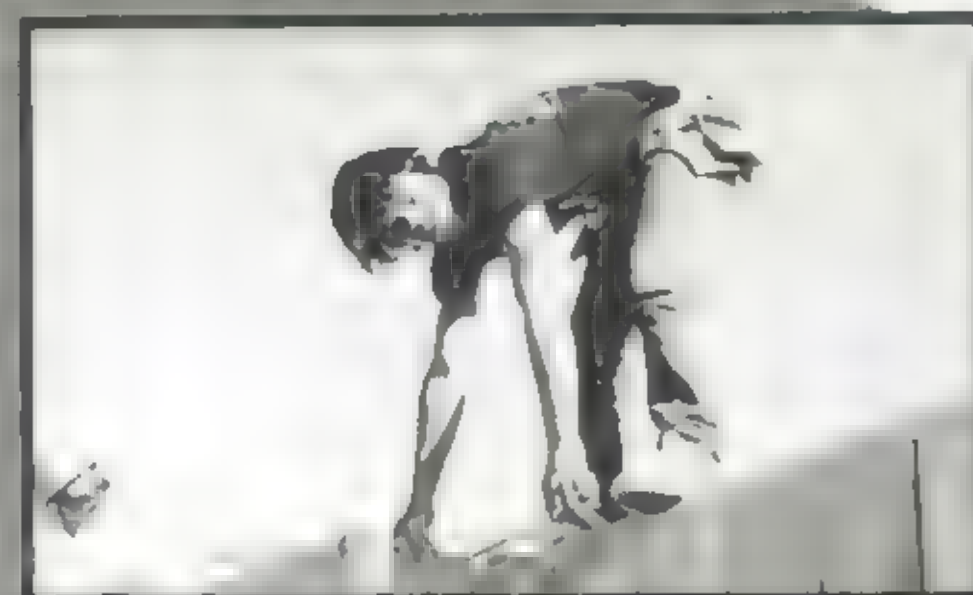

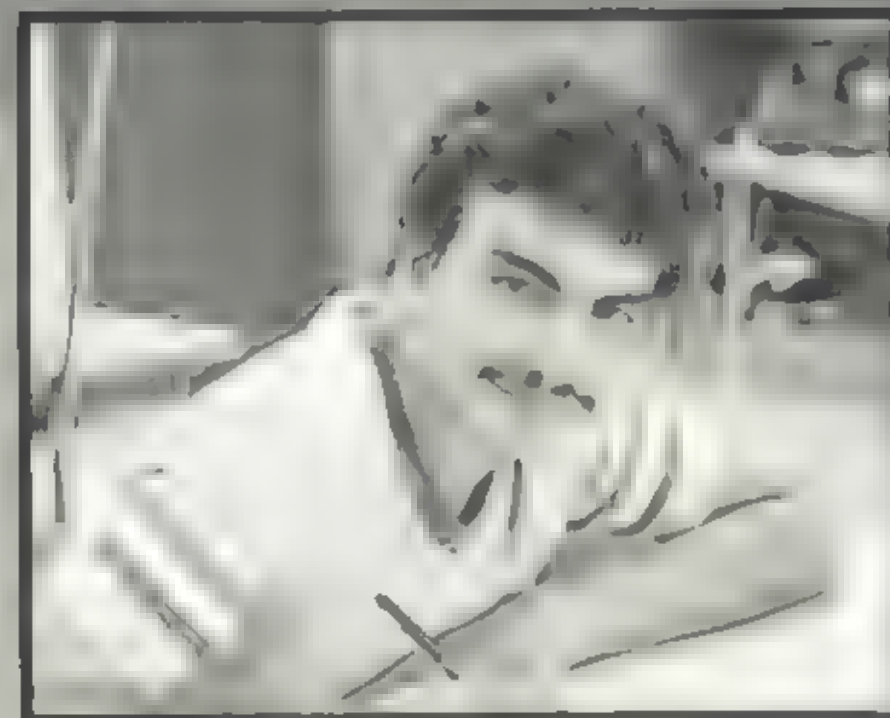

Students came to CCVTS from many areas. We began to make friends from all over Camden County. The friendships grew stronger and we had many great memories of hilarious lunch periods, high phone bills and meeting at the mall on Friday nights.

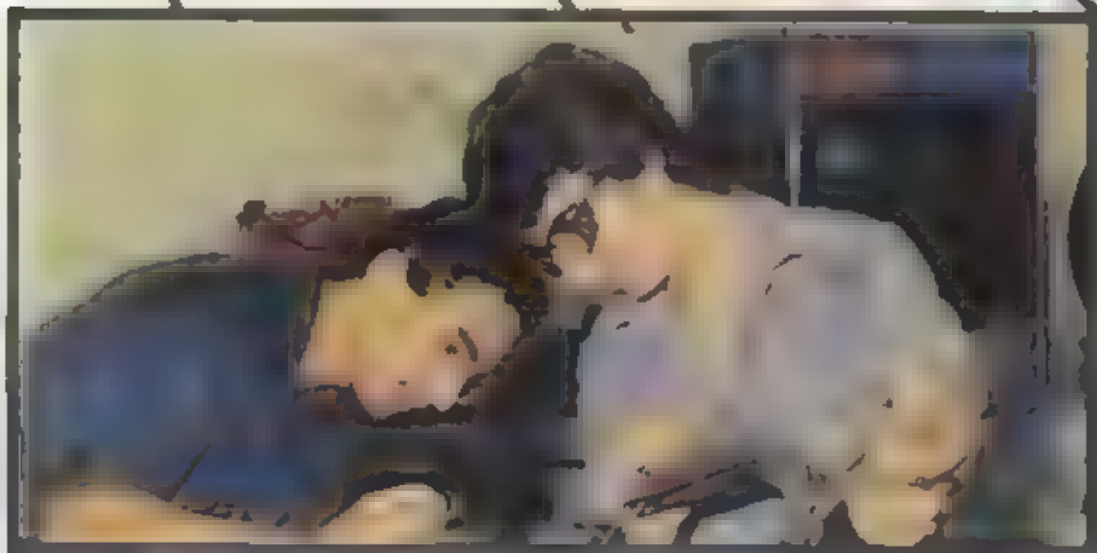

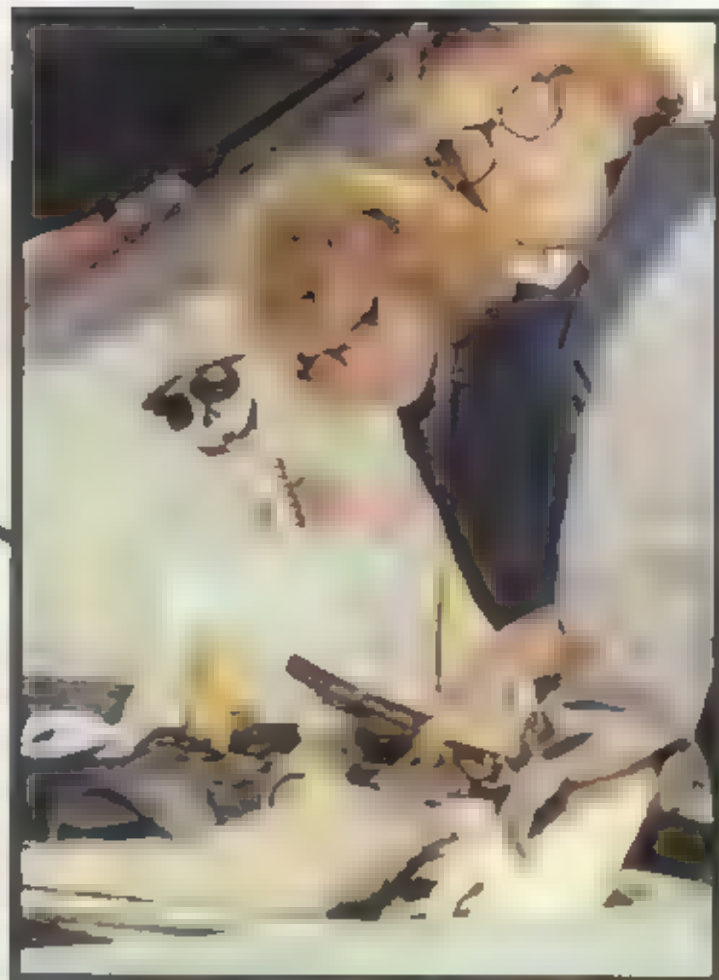

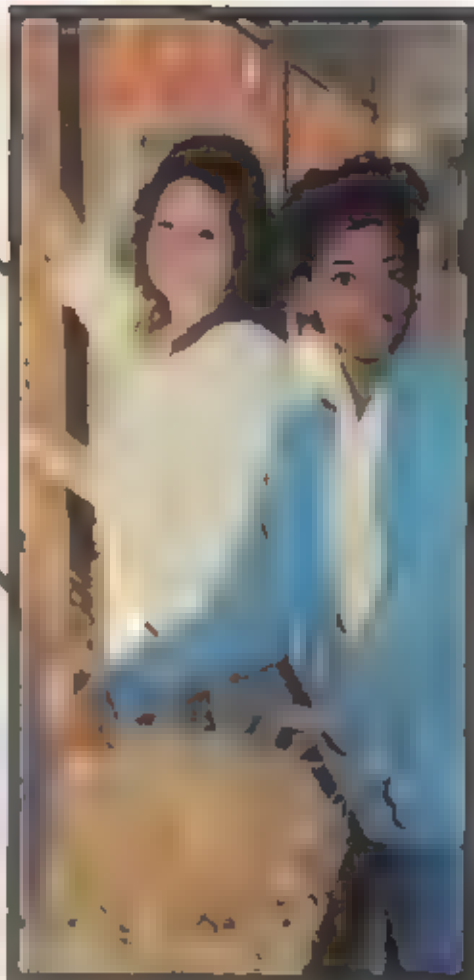

As each class graduated, the strength of the friendships we had forged over the years were tested. Many graduates promised to keep in touch with us but between juggling a full time job and maybe college - staying in touch was difficult. **New friendships** took their place.

These friends helped us through school - standing by us when we needed them, sharing the good times, the sad times, encouraging us when tests were scheduled, helping us solve an intricate shop assignment, comforting us when our hearts were hurt or just being there for us. We'll always have the memories of those special times we had with our friends at CCVTS.

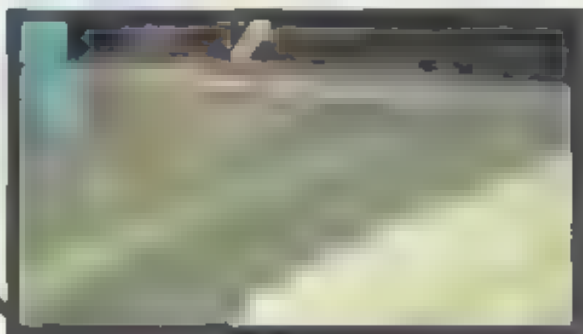

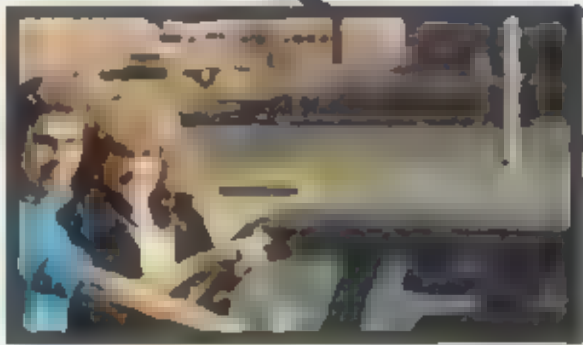

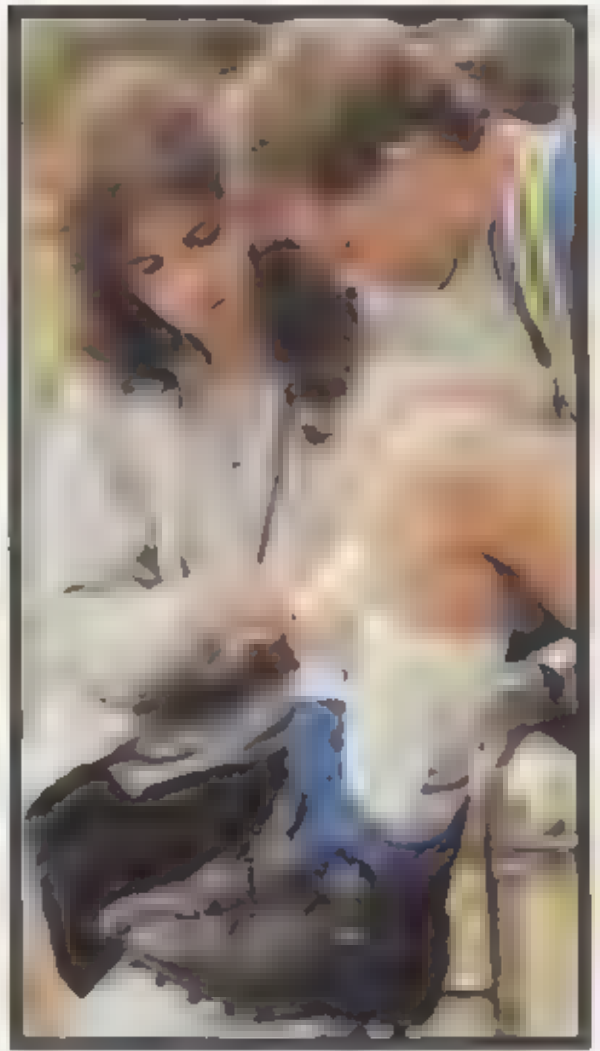

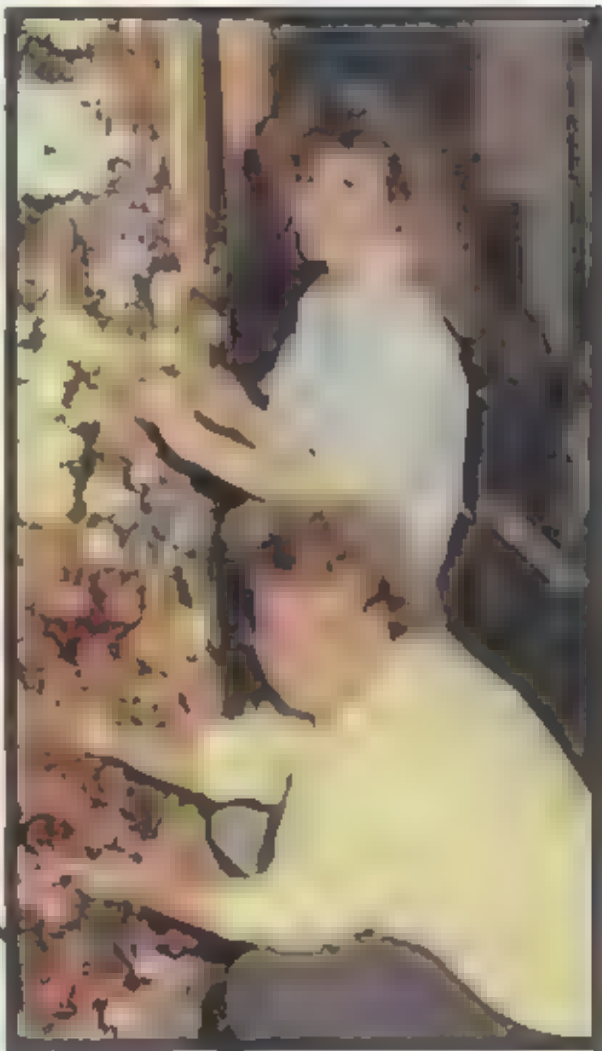

Challenges

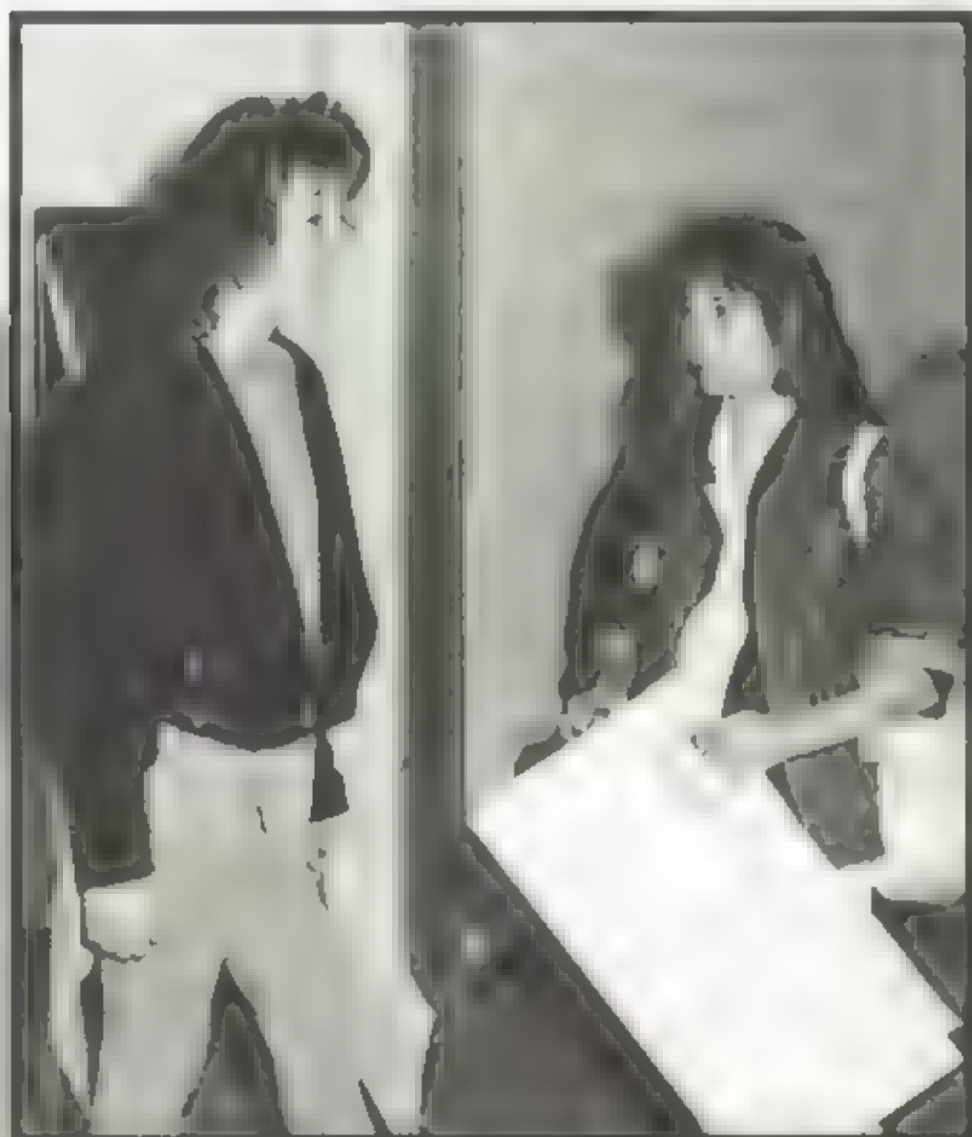

Each new day brought **challenges**. We were faced with VICA competitions, open house projects mid-terms and finals, driver's tests presidential fitness programs, bowling matches, new track records, co-op jobs and even the search for just the right dress for the senior prom.

Hopefully, each new challenge brought with it the pride and glory of a job well done.

*Future
Dreams*

The future seemed so close ... always before us ... encouraging us to try just a little harder or concentrate a little longer.

From the beginning, some of us knew exactly what we wanted but as each year passed and we changed so did some of our **dreams**. New ones came along and those that we were determined to fulfill, we held on to.

Each new experience enhanced our skills each new accomplishment increased our confidence. Our dreams were becoming reality and we were part of the magic.

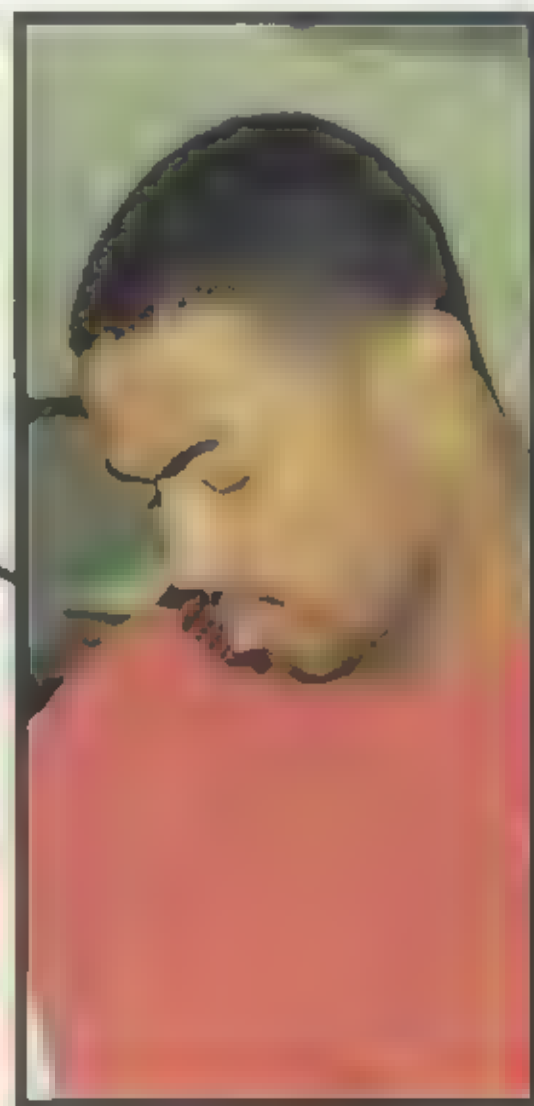

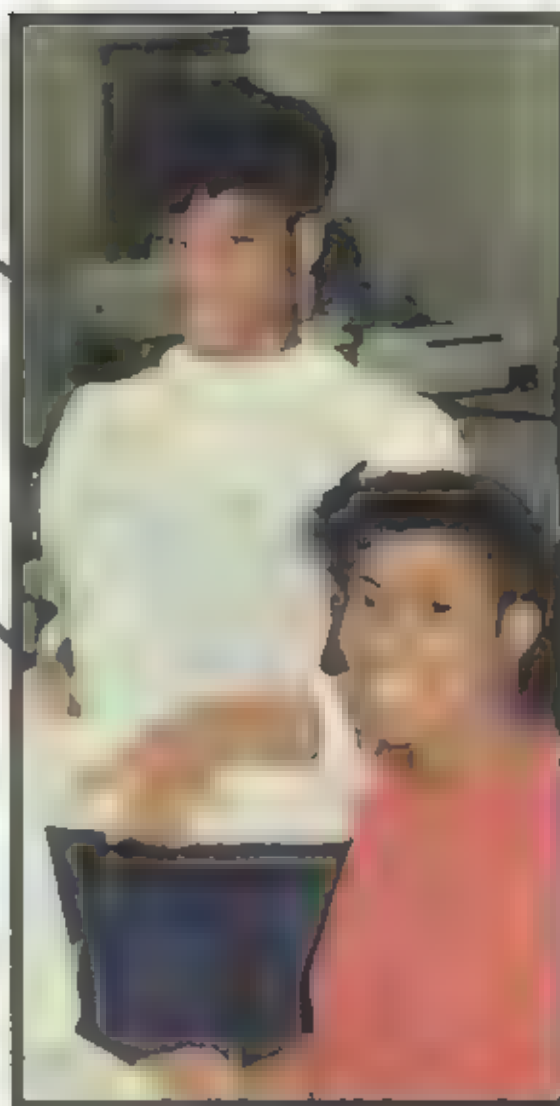

Yet To Be

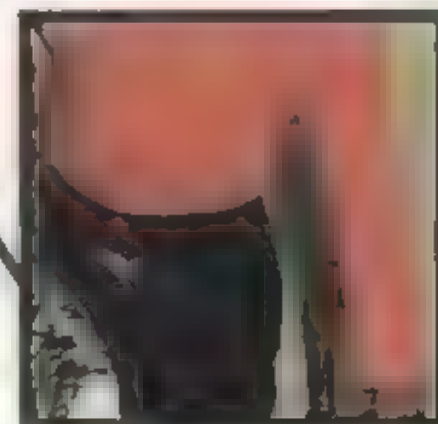

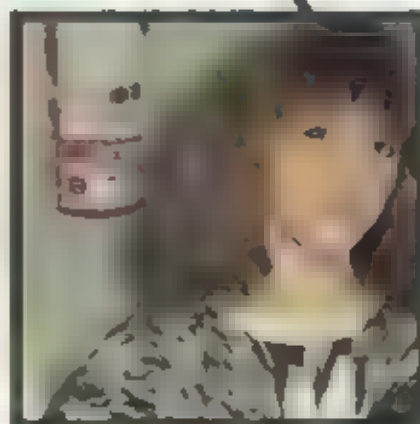

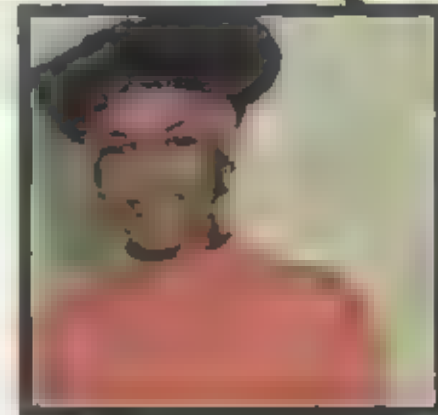

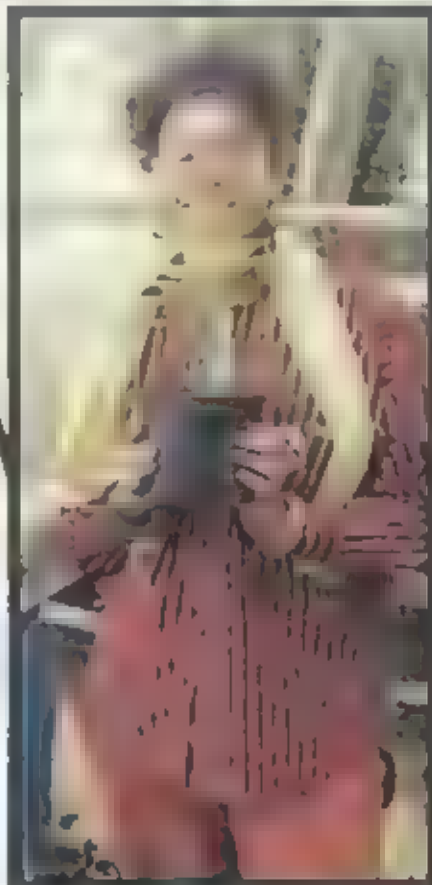

Responsibilities

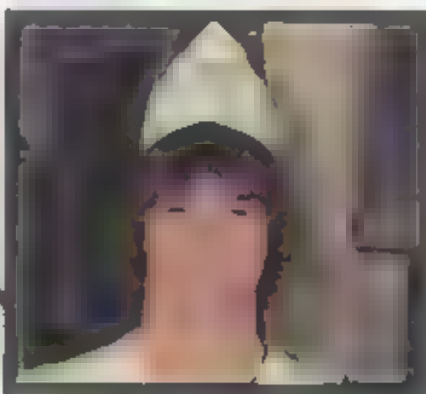

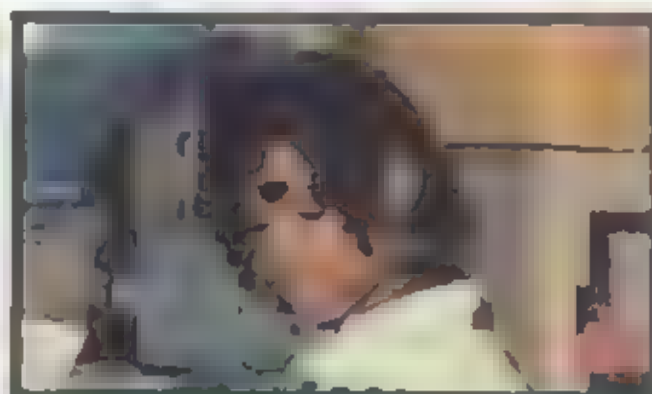

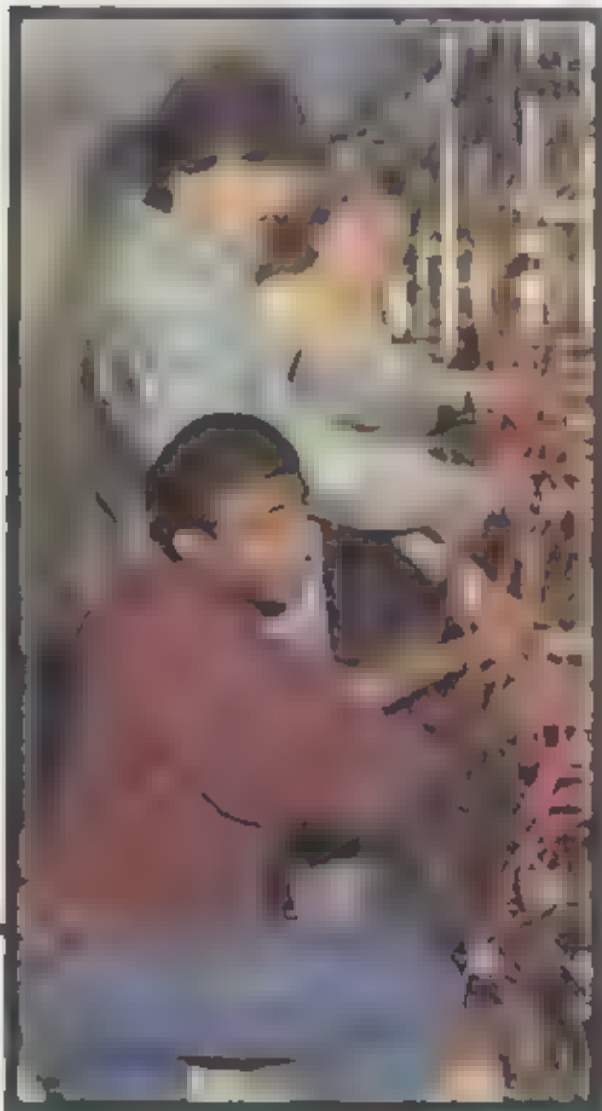

We Take Pride In

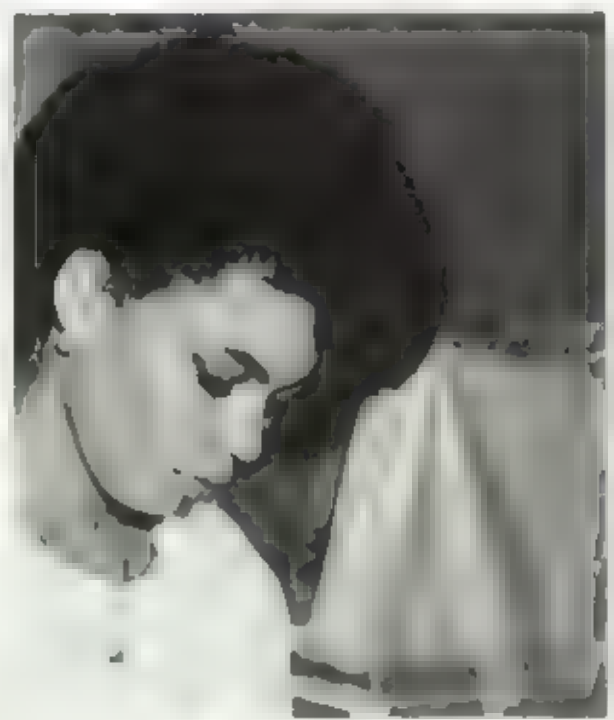

The more involved we became, the greater our **responsibilities** ... we had soccer games to attend, clubs to join, picnics to plan, class trips to take and jobs to complete. We were faced with many new roles - we had become class officers and team members, committee planners and job overseers - each new responsibility gave us the confidence we needed to take on more.

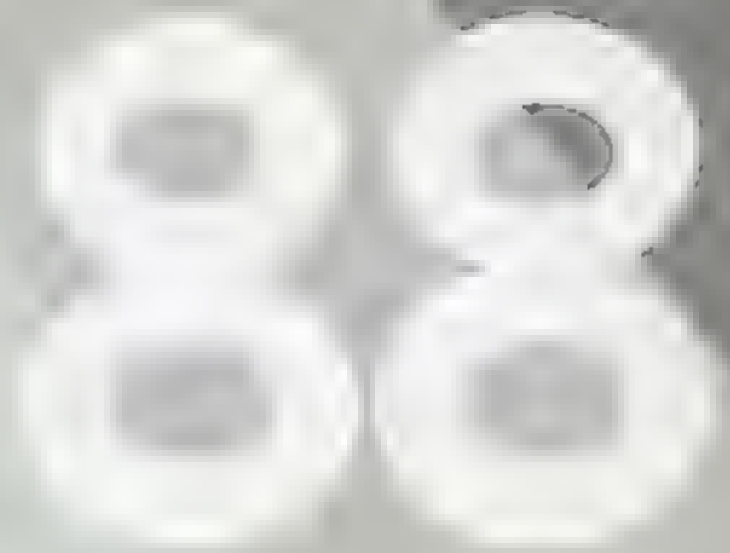

Caring . . . Helping . . . Giving

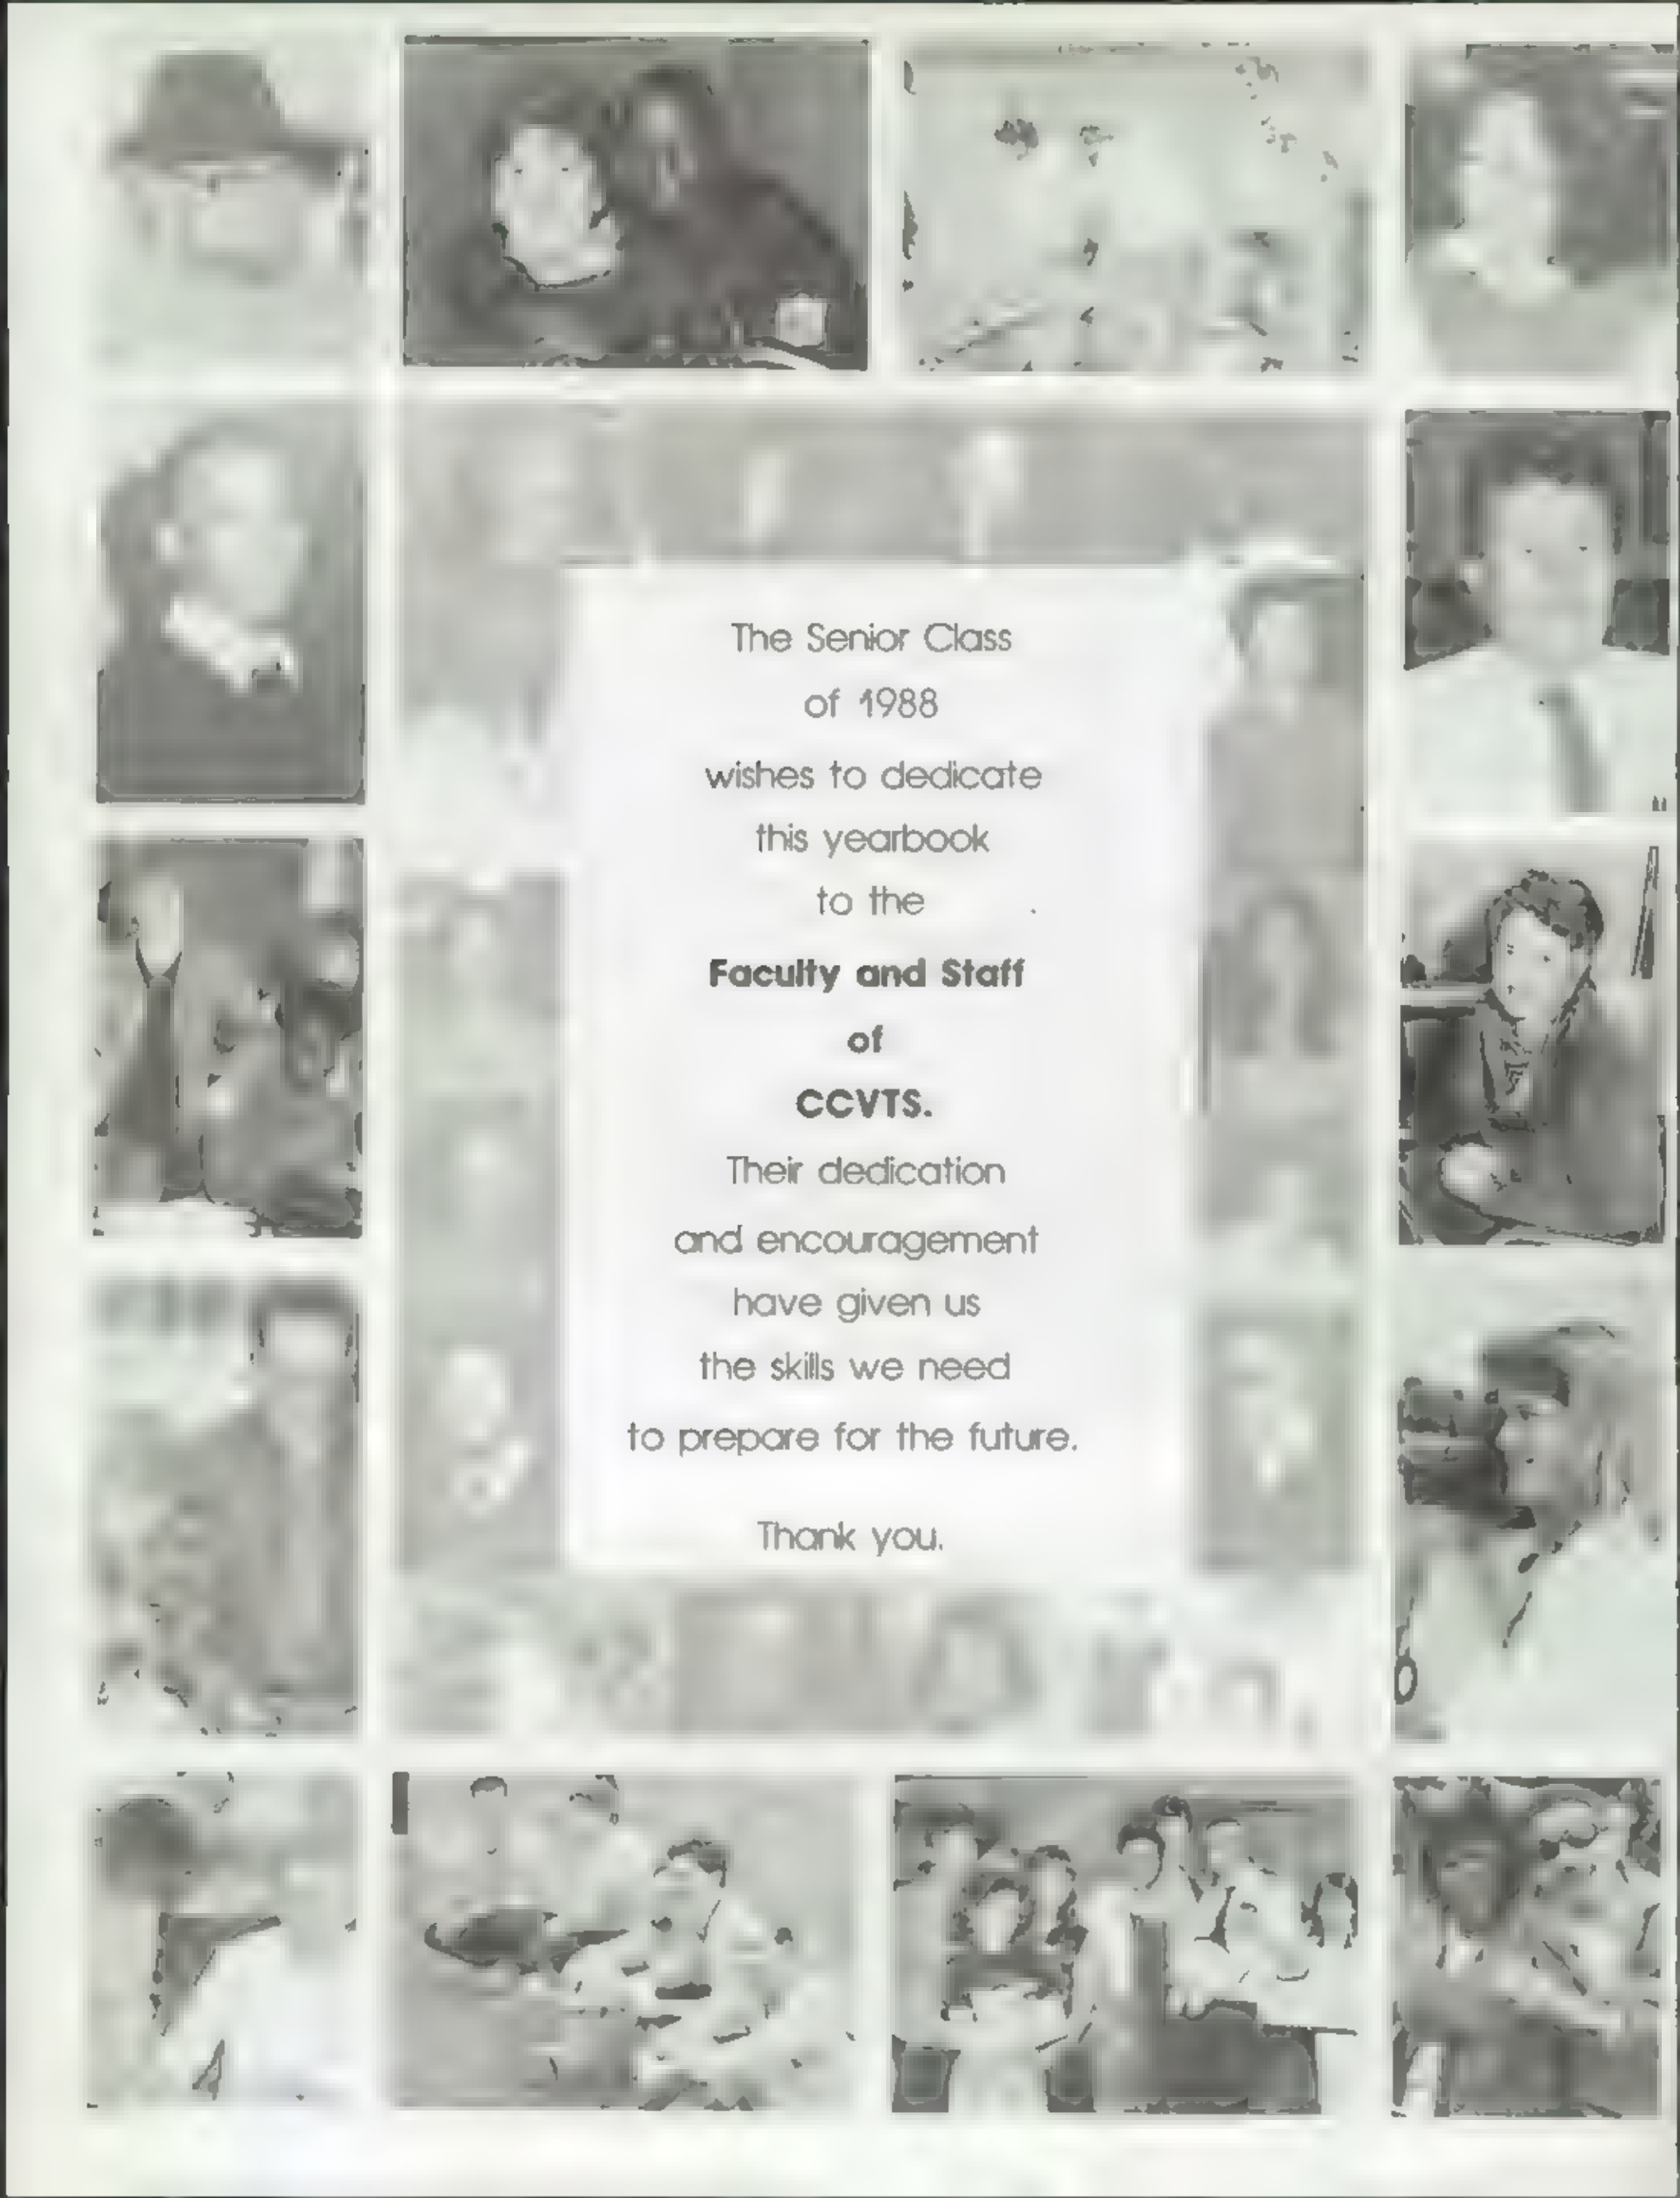

As we look back and see ourselves as we anxiously awaited the arrival of the first school bus that brought us to CCVTS's doorstep, we realize the tremendous growth and change that has occurred in us. Like the miracle of sunlight streaming through a prism, so have our lives passed through CCVTS producing a sparkling rainbow

Growth, learning, change, and accomplishment are words that come to mind when one thinks of graduation. During our twelve year in school you have grown both physically and emotionally and you have spent many hours learning in your classrooms and shops. As you leave high school, your world is about to change and, hopefully, you will take ad-

vantage of the accomplishment you have achieved in graduating from high school.

Be mindful that growth, learning, change and accomplishment can be among the most rewarding conditions a person can experience throughout his/her lifetime.

"Growth" - is what you have demonstrated over the past four years here at Camden County Vocational and Technical Schools. The educational process has assisted you in this "Growth" and development in preparing you to meet the challenges of the future.

I remember many of you as you arrived four years ago, young and inexperienced, almost overwhelmed by the size of our campus. You have grown to be strong young men and women highly capable now to assume the role you have chosen in your trade or to explore the future in higher education or a career in the service of our country.

Congratulations and best wishes to the Class of 1988.

Charles H. Ebbecke

As you step forth to accept your diploma from Camden County Vocational and Technical School you make a statement to your friends, family and the world. You signify that you are ready to meet the challenges of work, adult life and become contributors to your community.

Having attended Camden County Vocational and Technical School you leave with strength of knowledge, trade talent and character. Today's society needs strong, level-headed thinkers and ready contributors. We have tried to give you pride in yourself and an attitude which will cause you to share your skills.

Everyday, from graduation on, you should reflect on your experiences here and then go out to make a conscious effort to improve the life of all around you.

Best Wishes

The high scorers for the season were **Lisa Richardson, Joni Rojo, Nicole Boyd, and Twanna Donaldson.** With the assistance of the team players, they made great strides this year.

Lisa Richardson broke the Camden County Vocational School record set in 1984. She scored 43 points in the game against Westhampton Tech.

Wrestling

Row 1: [Names] Row 2: [Names] Row 3: [Names] Banks B

The Wrestling Team, which consisted of many young wrestlers, finished the season with a 4-13 record. Seniors **Joe Gerkey**, **Marcelo DeSousa** and **Andrea Harman** gave vital support to a rebuilding team.

Junior **James Bey** who contributed 57 team points and helped the

team clinch an upset victory over Medford Tech was named M.V.P. Freshman **Craig Straub** was awarded Rookie of the Year honors for his 11-8 record while **Joe Gerkey** and **Lewis Irizarry** received the most improved wrestler awards. Sophomore **James Brown** was named outstanding JV wrestler.

Bowling

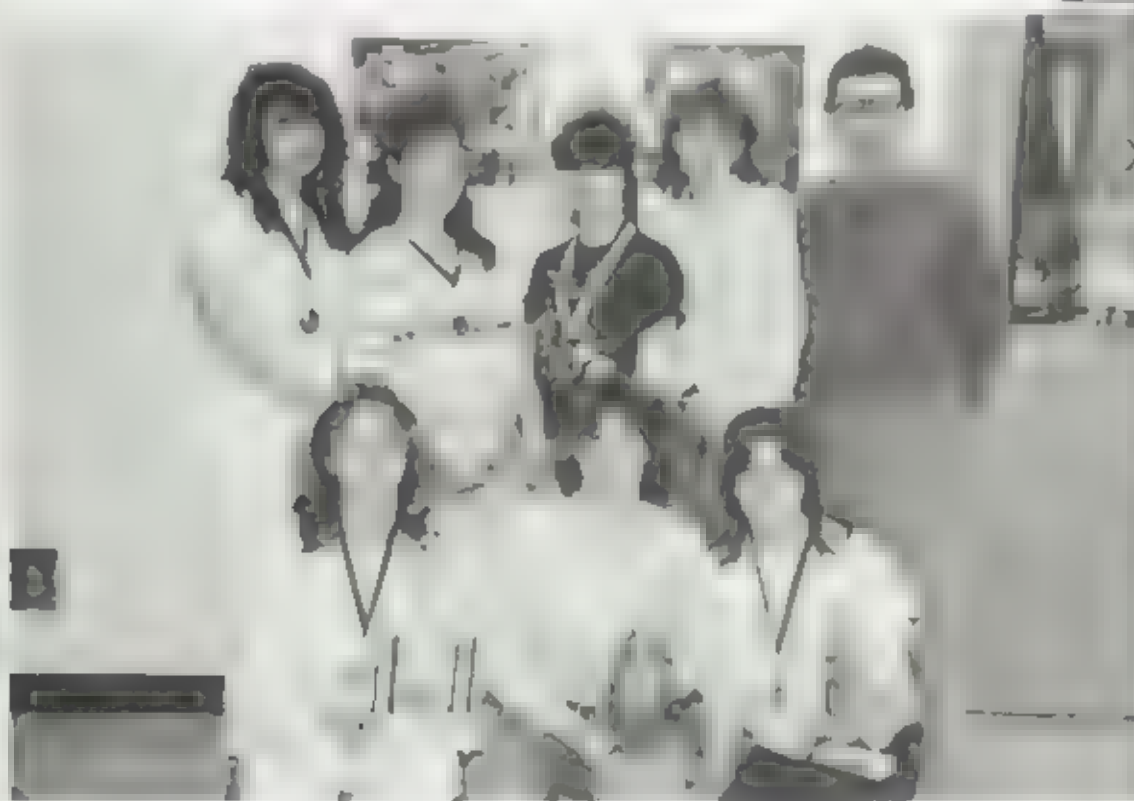

The Girls' Bowling Team had a very successful season. The Varsity overall record was 35-25 in their Olympic Division, the girls were 18-18. The Junior Varsity had an overall record of 36-24 and 24-12 in the Olympic

The high point of the season was the first place finish in the New Jersey State Vocational Championship. This is the second straight year the girls have been champs. Also, the third in four years

Sharon Phillips is the lone senior graduating from the team. Sharon has been Captain for the last two years. Sharon has been the high scorer and a member of the league All Star Team

This year's team was young and enthusiastic. We are looking forward to improving our record next year.

Soccer

The J.V. Soccer Team earned a very respectable 8-8 record this season playing against some very skilled teams. Many of the games were close and were decided by one goal in the final period. There were some heartbreakers like a 4-2 loss to Camden Catholic and there were glimpses of greatness like beating Moorestown Friends for the first time 6-2.

Outstanding players were **Rob Love** offensively and **Don Tucker** defensively. I expect an excellent season next year with many returning players.

Row 1: M. Binas, J. Carr, D. Tucker, Capt. J. Ingram **Row 2:** E. Benitez, T. Wagner, D. Bangs, K. Love, K. Hudson, M. Tucker **Row 3:** J. Chang, M. Reid, Scorekeeper, S. Britt, C. Ralston, R. The Varsity Soccer team won the New Jersey Vocational Tournament and finished the year with the best record ever.

Marcello de Sousa, Marc Dolphin, and Ed Powers led the offensive attack and in the early part of the season were among the South Jersey scoring leaders.

The team will be losing 10 starters so next year will be a rebuilding year.
